

The Community Café was set up in March 2015 to make a difference to village life. We are supported by and members of Volunteering Matters Cymru who will provide us with the help and support we need in the voluntary sector.

We have raised £1035 through events held in St. Giles Hall supporting three charities. St. Giles Church for the ongoing projects both interior and exterior Shalom, St. David's Hospice and for our Christian friend in Romania who takes essential food supplies as well as blankets warm clothes, and school books to the widows and orphans in Moldova. In two weeks the café's takings and the patrons gave donations to the East African Crisis amounting to £400.

We are also are linked with Paul Sartori Compassionate Communities and are visited monthly by the Community Police Officer Jude Parr and her colleagues who will listen to any local concerns. We are also visited regularly by our local Independent candidate Michelle Bateman who also wants to hear the voice of the local community's concerns.
